25X1 2. Agency Insurance. [redacted] gave a 23-minute presentation on the Agency insurance program, emphasizing the improvements in the program during the past 18 months. The purpose of the presentation was to acquaint senior officials with the benefits of the insurance coverage that is now available to Agency employees. At the conclusion of the presentation, there were several questions and discussion concerning specific points in the insurance program. Colonel White said that there seemed to be room for improvement in the participation in the hospitalization plan in view of the fact that one-fourth are not now covered by it, in spite of the fact that the plan provides better protection at a lower cost than is provided through any other plan of this sort that is available commercially.

Meeting adjourned at 1133 hours.
